ABOUT MYSELF

Computer Engineering Student Universidade Lusófona (2nd Year). Strong foundations in Java, C, and SQL, with a focus on Backend development and problem-solving. Fluent in English and driven by a 'can-do' attitude, I am eager to join summer internship to apply my technical skills to digital transformation projects and quickly master new technologies like Cloud and Python in a professional environment

WORK EXPERIENCE

● **university lusofona lisbon** lisbon, Portugal

Technical Support and Help Desk

09/2024 - Current

Direct Technical Support: Resolution of computer incidents for teachers, employees and students (first line of support).

Infrastructure Management: Responsible for the maintenance of study rooms and computer parks; preparation of equipment for classes and conferences.

System Operations: Execution of maintenance rounds, software updates and machine cloning (OS Deployment) for large scale.

Teamwork: Coordination on a shift basis, ensuring continuity of service and efficient management of priorities.

● **AMUN CAFÉ** lisbon, Portugal

Server (Summer - 3 weeks)

08/2025

Delivered high-quality service to a predominantly international clientele, with English as the main language of communication.

Developed strong multitasking skills and the ability to handle high-pressure situations during peak hours.

Managed transactions and customer inquiries with a focus on efficiency and clear communication.
